Dear Langelihle Lucky Mhlongo

Application for reregistration in terms of Rule MR7

The maximum allowed time for research master's studies is provided for in rule MR7, which states:

'A student who, after four semesters as a full-time student or six semesters as a part-time student, has not completed the requirements for the degree shall be required to apply for reregistration, which will only be permitted on receipt of a satisfactory motivation'.

According to our records, you did not complete your degree in the maximum allowed time. As such, you need to apply for permission to reregister from the School Research and Higher Degrees Committee (SRHDC) and provide the SRHDC with a motivation as to why you should be allowed to reregister.

In the event that the SRHDC decides **not to accept** your application, **you will be excluded** in accordance with rule GR30. However, there will be an automatic appeal to the College Academic Affairs Board (CAAB) in accordance with rule GR31. CAAB can decide to uphold the exclusion, or to allow you to reregister. The decision of CAAB is final.

Your documentation must be submitted to your School's Higher Degrees administrator by **6 January 2023**. If you do not submit your application for reregistration by this date, you will automatically be excluded.

Yours sincerely

Academic Leader of Research and Higher Degrees
